PREMIER TECH

SAFETY DATA SHEET

SECTION 1. IDENTIFICATION

Product Name:	Wilson Predator Mouse Killer Station Pre-Filled
Product Code:	7741060, 7741070
P.C.P.A. Registration No.	31803
Recommended Use:	Rodenticide
Restriction on Use:	Use only as recommended by the label.
Manufacturer :	Premier Tech Home & Garden Inc. 1 avenue Premier, Rivière-du-Loup, Québec G5R 6C1
Emergency Phone Number:	1-800-268-2806, option 5

SECTION 2. HAZARDS IDENTIFICATION

According to WHMIS 2015 (Canada)	
Classification	Not Classified
Pictogram(s)	
Signal Word	
Hazard Statement(s)	
Precautionary Statement(s)	
Other Hazards	May cause damage to blood and reduce the clotting ability of blood if swallowed, inhaled or absorbed through skin. This product contains the allergens **peanut, wheat, soy and fish**.

SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS

Chemical Name	CAS No.	%
Chlorophacinone	3691-35-8	0.005

Concentrations are expressed in % weight/weight.

SECTION 4. FIRST-AID MEASURES

Inhalation	If inhaled, provide fresh air.
Skin Contact	Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Get medical attention or advice.
Eye Contact	Rinse cautiously with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or a doctor for treatment advice.
Ingestion	For all cases of human ingestion, call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.
Most Important Symptoms and Effects, Acute and Delayed	May cause damage to blood and reduce the clotting ability of blood if swallowed, inhaled or absorbed through skin. May cause bleeding (nose, gums, joints, urine, uterus, subcutaneous hematomas).
Immediate Medical Attention and Special Treatment	Vitamin K1 in the form of intramuscular or subcutaneous injections, or by oral ingestion are suggested remedial treatments for anticoagulant poisoning. The severity of the case measured by

	establishing prolonged prothrombin times (P.T.) will determine appropriate therapy. Monitoring P.T. will indicate the necessity of repeated treatments. Any allergen contained in the product is listed on the front panel of the label. If pet or livestock poisoning is suspected, immediately contact a veterinarian.

SECTION 5. FIRE-FIGHTING MEASURES

Extinguishing Media

Suitable Extinguishing Media	Use media suitable for the surrounding fire.
Unsuitable Extinguishing Media	None known.
Specific Hazards Arising from the Product	None known.
Special Protective Equipment and Precautions for Fire-Fighters	Fire-fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA). Contain runoff to prevent pollution.

SECTION 6. ACCIDENTAL RELEASE MEASURES

Personal Precautions, Protective Equipment and Emergency Procedures

Personal Precautions:	Wear waterproof gloves when handling the bait. Collect spillage without creating dust.
Emergency Procedures:	No special emergency procedures required.
Environmental Precautions:	Do not allow spilled material to enter sewers, streams or other waters.
Methods and Material for Containment and Cleaning Up:	Sweep up spilled material immediately. Place in properly labeled container for disposal or re-use. Wash contaminated surfaces with detergent. Dispose of all wastes in accordance with local, regional and national regulations.

SECTION 7. HANDLING AND STORAGE

Precautions for Safe Handling:	Read the entire product label before use. Keep out of reach of children. Wear waterproof gloves when handling bait. Wash hands after use. Do not handle near food, animal foodstuffs or drinking water.
Conditions for Safe Storage:	Store product in original container in a cool, dry, secure location away from other chemicals and food or feed, and inaccessible to children and non-target animals.
Incompatibilities:	None known.

SECTION 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

CONTROL PARAMETERS: There are no occupational exposure limits

Appropriate Engineering Controls: No specific requirement

Individual Protection Measures

Eye/Face Protection:	No specific requirement
Skin Protection:	Wear waterproof gloves, shoes and socks. Wash contaminated clothing separately from other laundry, with soap and hot water before reuse.

Respiratory Protection: No specific requirement

SECTION 9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance	Solid block, green color
Odour	Raw grain odor
Odour Threshold	No data available
pH	Not applicable
Melting Point/Freezing Point	Not applicable
Boiling Point	Not applicable
Flash Point	> 190 °C
Evaporation Rate	No data available
Flammability (solid, gas)	No data available
Upper/Lower Explosive Limit	Not applicable
Vapour Pressure	Not applicable
Vapour Density (air=1)	Not applicable
Relative Density (water=1)	No data available
Solubility	No data available
Partition Coefficient, n-Octanol/Water (Log K_{ow})	Not applicable
Auto-ignition Temperature	Not applicable
Decomposition Temperature	No data available
Viscosity	Not applicable

SECTION 10. STABILITY AND REACTIVITY

Reactivity	Not reactive, not sensitive to shock or static discharge
Chemical Stability	Stable
Possibility of Hazardous Reactions	None
Conditions to Avoid	None
Incompatible Materials	None
Hazardous Decomposition Products	Oxides of carbon

SECTION 11. TOXICOLOGICAL INFORMATION

Likely Routes of Exposure:

__ Inhalation _√_ Skin contact __ Eye contact _√_ Ingestion

Acute Toxicity:

LC_{50} (Inhalation) (4h/rats) There is no data available

LD_{50} (oral) > 5000 mg/Kg (baits containing 0.005% Chlorophacinone)

LD_{50} (dermal) >2000 mg/kg (baits containing 0.005% Chlorophacinone)

Skin Corrosion/Irritation: Non-irritating

Serious Eye Damage/Irritation: Non-irritating

Respiratory and/or Skin Sensitization: Not a skin sensitizer

STOT (Specific Target Organ Toxicity)

Single Exposure: There is no data available

Repeated Exposure: Reduced blood clothing ability of blood

Carcinogenicity: Contains no components known to have a carcinogenetic effect.

Reproductive Toxicity

Development of Offspring: There is no data available

Sexual Function and Fertility: There is no data available

Effects on or Via Lactation: There is no data available

Germ Cell Mutagenicity: Contains no components known to have a mutagenetic effect.

Additional Information: There is no data available

SECTION 12. ECOLOGICAL INFORMATION

Ecotoxicity:	Toxic to fish and wildlife. To reduce exposure of non-target birds and other wildlife to poisoned carcasses, dead rodents should be securely wrapped and disposed of according to regulations. Keep out of lakes, streams or pond.
Persistence and Degradability:	No known significant effects or critical hazards.
Bioaccumulation Potential:	No known significant effects or critical hazards.
Mobility in Soil:	No known significant effects or critical hazards.
Other Adverse Effects:	No known significant effects or critical hazards.

SECTION 13. DISPOSAL CONSIDERATIONS

The waste of this product is not defined as hazardous. Dispose of all waste in accordance with the regulations of the environmental authority having jurisdiction.

SECTION 14. TRANSPORT INFORMATION

Not regulated under Canadian Transportation of Dangerous Goods (TDG) regulations.

SECTION 15. REGULATORY INFORMATION

CANADA

Canadian Environmental Protection Act (CEPA)

All constituents of these products are on the Domestic Substance List (DSL).

Pest Control Products Act (PCPA)

Reg. No. 31803 P.C.P.A.

This chemical is a pest control product registered by Health Canada Pest Management Regulatory Agency and is subject to certain labelling requirements under the *Pest Control Products Act*. These requirements differ from the classification criteria and hazard information required for GHS-consistent safety data sheets. Read the label, authorized under the *Pest Control Products Act*, prior to using or handling the pest control product. There are Canada-specific environmental requirements for handling, use, and disposal of this pest control product that are indicated on the label. **Warning, this product contains the allergens peanut, wheat, soy and fish.**

SECTION 16. OTHER INFORMATION

Additional Information :

The above information is accurate and reliable to the best of our knowledge, to the date of preparation of the Safety Data Sheet. However, this information should not be interpreted as a guarantee of accuracy or be considered complete. No warranty of any kind is given or implied and

PREMIER TECH will not be considered responsible for any damage, loss, injury or consequential damage which may result from the use or reliance on any information contained. Users must do their own research as to the pertinence of this information for specific use. Any questions regarding this product should be directed to the manufacturer of the product as described in Section 1.

Date of Preparation: 2019-12-02
